Uncreative writing a diary

**Chantal,
a Dutch art-
ist who I met
during my
internship with
Bas, recom-
mended me,
the first things
to become
a famous
artist is having
a nice website
to show
others how
competent
I am. Maybe
Instagram
or Wix can be
used, but they
have too much
limits to
express my
idea.
So I learned
how to use
Github and
using this,
my website
is under
construction.**
